Using YouTube to Stream Your Videos

Get Started
1. Go to YouTube site and click on the Sign In button on the top right.

2. If you already have a Gmail account (personal or TAMU Gmail), sign in with your username and password and skip to step 3, otherwise create an account.
Verify your account:
Give a cell phone number to verify your account. The cellphone will receive a text message with a verification code. Enter the code and wait for verification. Once verified, YouTube will allow you to post videos longer than 15 minutes.

Once verified, YouTube will allow you to post videos longer than 15 minutes.

Once you have verified your account, start enjoying the perks of your new YouTube account –
• Upload your videos
• Create a channel
• Make playlists
• Subscribe to favorites, channels, etc.

Uploading Videos:

1. Sign into YouTube.
2. Click the **Upload** button at the top of the page.
3. Select the video you’d like to upload from your computer. You can also record a video from your webcam, or create a video slideshow.

   Before you start uploading the video you can chose the **video privacy settings**. As the video is uploading, you can add information (e.g. title, description, tags)

Privacy Settings:
Select “Unlisted” under privacy settings. Unlisted videos do not show up in search results. The user needs the URL to view the video.
